New York 17, New York

Dear Walter:

Al ~~Dann~~ of "Collier's" sent me an advance copy of the November 23 issue of that magazine containing the very excellent article recounting your activities. I thought the author did an exceedingly good job of accurate reporting.

The reference to the Buchalter case revived memories of a very difficult period and was a pleasant reminder of the excellent contribution you have made to furthering the interest of law enforcement over the years. Congratulations on a job well done.

Sincerely,

John

SUBJECT: WALTER WINCHELL'S BROADCAST
November 25, 1956

Winchell Said:

"Newark, New Jersey, Star-Ledger. The Senate probe into juvenile delinquency starts at Newark December 11. Young girls trained as confidence game operators by a crime syndicate will be disgraced. The G-men know all the names of the gangsters involved."

Comment:

A "Washington City News Service" item dated November 25, 1956, disclosed that Senator Estes Kefauver stated today his Senate subcommittee on juvenile delinquency has uncovered "A 20th Century Fagin Story" involving an underworld ring which trains young girls for a career of "larceny," which takes more than \$1,500,000 a year by fleecing elderly people. Kefauver said the ring would be spotlighted at subcommittee hearings in Newark, New Jersey, December 11 and 12. He said "testimony at the hearings will show a strong connection between this group of racketeers and organized crime, such as narcotics traffic, gambling syndicates and white slavery." The Bureau has received no information within the past three months to indicate there has been any such activity.

Winchell Said:

Winchell Said:

"Communist youths throughout our country will hold a meeting in New York City December 8th to discuss their role in the plot to communize the world."

Comment:

The Bureau is cognizant of this Labor Youth League meeting and the New York Office has been alerted to establish necessary informant coverage for this meeting. The Department was advised of this scheduled meeting by letter dated November 20, 1956. The Department is being advised on a continuing basis concerning progress in the dissolution of the Labor Youth League. This matter is being followed closely with the New York Office.

Winchell Said:

"Lower East Side New York communists have started a Marxist Study Club for all the dopes in that area."

Comment:

The New York Office has advised that the Labor Youth League in the Lower East Side, New York City, is being reorganized. This reorganization is being watched by the Communist Party. Previous information has been received from other offices indicating that Marxist Study Clubs are being formed to replace the Labor Youth League. This matter is being followed with the New York Office.

Winchell Said:

"Congratulations to the people doing the wonderful job to combat juvenile delinquents. They will do what I recently mentioned on the air--play up the good work done by the juvenile decents."

Comment:

No information identifiable with Mrs. Contella or her husband could be located in Bureau indices. From the limited information available, "J. K. G." could not be identified; however, one of the top Communist Party officials is [REDACTED] but no information is known to the Bureau to indicate there is any domestic strife in the Gates family.

Winchell Said:

"New York Journal-American. In a big secret communique the communists are boasting that they now have a cell in every major industry in New York City and New York State."

Comment:

It has not been possible to identify this or similar information from Bureau files.

Winchell Said:

"Secrets inside the Communist Party. Secrets (humph!!)-- now known to Mr. and Mrs. You. A Boston Red told a crowd of comrades 'There must be bloodshed for the betterment of the Communist Party wherever it may be--here in the U. S. A. or in Hungary.' The Red who said that will be among the very first thrown into a cell the moment war comes, if it does."

Comment:

This may refer to current discussions by the Communist Party growing out of the Hungarian situation. The Bureau is aware that the Foster faction of the Communist Party, USA, has supported the use of troops in Hungary to suppress "fascism;" however, since the person making this statement cannot be specifically identified, the Boston Office is being instructed to attempt to identify this person and advise Bureau.

Winchell Said:

"The House Committee on Un-American Activities is investigating alleged Reds and former communists on the staff of a very great standard-size newspaper in New York City."

Comment:

No information has been received by the Bureau insofar as is known to indicate any such inquiry by the House Committee on Un-American Activities.

It is believed Winchell is referring to Louis Budenz, former editor of the "Daily Worker" who has been interviewed concerning communist activities at Time Magazine. Budenz, according to an article in the January, 1955 issue of "Confidential" magazine, shortly before World War II attended a weekly communist meeting of 50 staff members of Time Magazine. AIRMAIL - SPECIAL DELIVERY

Mr. Walter Winchell
Beverly Hills Hotel
Beverly Hills, California

Dear Walter:

Your column today was particularly interesting as it had so many facts in it. I did appreciate so much your kind observations on Don Whitehead's book, "The FBI Story," and I certainly hope that the reviewers take your advice. We are all very proud of the book because, for the first time, it gives a detailed account of our activities over the years presented in a very honest and objective manner.

I regretted that the author found it necessary because of space limitations to omit some of the episodes in the Bureau's development. Certainly I would have liked to have seen more reference to your own contributions over the years as I have never forgotten the interest you took in the Bureau back in 1934 and how helpful you were in many trying periods.

I do hope you are enjoying that "good" California sunshine, and I rather envy your opportunity to be in California at this particular time.

Clyde joins me in extending to you best wishes.

With kind regards,

Sincerely,

John

Walter Winchell Of New York

The WW Variety Show

There are 9 shows in the current season's top bonanza category. About 30 challenged the Hamicide Squad... Jayne Mansfield, who adores pets, just added a wabbit to her private zoo. (She also collects wolves)... Spin Les Tully's "Around the World With Elwood Pretzel." A spoof of Elvis' grunting... Follywood's latest happy-go-luxury: Mink bikinis... "Bells Are Ringing" is ringing the loudest bell on the cash register. Tickets are being sold for January, 1958... The Rockettes are high-kicking to a rhumba beat. How they can wiggle their waggles!... Fred Allen's "Much Ado About Me" includes this swifty-nifty: "I always felt that success is a status a person enjoys only in the estimation of another"... The Seville on Santa Monica Blvd (Girlywood, USA) is where the most glamorous H'woodarlings go to unwind or Set The Alarm... On fire there last night were Esther Williams, Isabel Jewel, Ann Miller and the newspaper profession's No. 1 Baby-Sitter for Stars (Roberta Sherwood, Lisa Kirk, Shelley Winters, Rowan & Martin and Norma Douglas)... Steve Peck, who teaches stars How To Do It, is the landlord. The band has a beat as hot as the one at El Morocco. In short, this is WW's new all-night address on the West Coast... Sextress Joan Collins announced: "I want a man who knows how to laugh." (Hahahahahaha-hahahahahahahahaha.)

The value of inhaling beautifully: Diana Dors owns a plane and yacht... Mike Todd, of all people, once taught bricklaying... Before joining Actors' Studio you must be okayed by a board composed of students plus the Board of Directors... Oh, those critics! The Herald-Trib's reviewer scorned "Candide" as a "spectacular disaster" while the N. Y. Timesman hailed it as "a brilliant satire"... David Wayne's starrer, "The Loud Red Patrick," is a financial click. A trio of movie companies are bidding for the rights... "Anastasia" sounds like a song worth your bent ear. A dreamy thing... "I don't like this fuss that everyone makes about my bust measurements," declared Sophia Loren—whose lucky numbers are 36-24-36.

Janet Leigh and Tony Curtis are smarties. They are investing in real estate... Those tv shows from Miami Beach are mighty sun-tertaining... Ray Bolger's reprise of "Once in Love With Amy" (via NBC) demonstrated why audiences are in love with Ray... The season's 12 flops (thus far) represent a loss of more than \$2 million... Les Baxter's "Dream Rhapsody" disc is a happy whirl. Musical music... Julie London reveals her gift for gamuting in the forthcoming "Great Man" flicker... Judy Garland's quotable kwote: "It's children, not furniture, that make the home."

"Just One More" (published by the Los Angeles Press Photogs' Association) is crowded with de luxe camera-work... Herb Stempel, the "21" show's know-it-all, threatens to become the Fort Knox among quizzards. Moral: Nothing is more entertaining than money... Shelley Winters is a Girl. She was modeling swimsuits and nightgowns when she was 15... Peggy Lee, who earns about \$500,000 annually, recently had to sell some real estate to pay back taxes... Why Judy Holliday must watch those calories: She's a potato pancake fanatic. (Who isn't?)... Mike Wilding's understatement of the week: "Marriage is difficult when you're not together."

Esio Piza never had a musical education and can barely read the do-r-i-mi lingo... Sir James Durante's mythical character "Umbriago" is derived from Italian folklore... Movieville's top producers, DeMille and Goldwyn, are both 74. In other words, you're never too old to be young... The "My Fair Lady" record is expected to gross \$3 million... Ingrid Bergman's twin girls are not lookalikes. One is blonde and blue-eyed, the other is a brown-eyed brunette... Julie Andrews recently explained the secret of her success: "For many years I did nothing but practice, practice, practice, practice" Talk about stews: R. Presley's guitar costs \$375. Magazine

In Japan, Miss Monroe is popularly known as "The Honorable
Buttock-Swinging Actress". Which reminds me: Machine Kya,
the Japanese doll in the "Teahouse of the August Moon" movie,
proves there's nothing as international as beauty. At an extra
cost, we give you George Abbott's formula for constructing a play:
"In the first act you get a man up a tree, in the second act you
throw rocks at him. And in the third act you get him down."
No producer has ever equaled Jed Harris' record: He once had 4
hits on Broadway at the same time. Bob Hope, who plays James J.
Walker in "Beau James" (the story of Walker's life based on Gene
Fowler's best-selling book), has a big hit. Alexis Smith, Vera Miles
and the cameramen's shots of N.Y. (as I know it straight) are star.

Ethel Merman's chums hardly ever call her Ethel. Their affec-
tionate names for the star are Mermo, Mermsey or The Merm. The
latter was coined by George Solotareff. Actress Kim Stanley, who
called the critics fatheads last season, will bravely challenge them
in an upcoming drama. Carroll Baker, "Baby Doll" star, was one of
Leevee's weather forecasters several years ago. Don Whitehead's
"The FBI Story: A Report to the Nation" merits the raves of book
reviewers. Reading me, you will make Americans feel proud
and safe. Ray Bolger wins the right trophy with this comment:
"These TV shows whirl around like a revolving door. You have to
watch out you don't get trapped in it."

"Girls of Summer" is a show only for people who have emotions.
Sexy as a bachelor's daydream. If it's controversy you desire,
this is to report that Alf Hitchcock is anti-egg. He announced: "I've
never eaten an egg in my life. To me an egg is a sinister thing."
Susan Strasberg's big ambition (before becoming a star) was to be
a commercial artist. Dore Schary's payoff after being dropped
by MGM is \$100,000 per annum for 10 years. In other words, Holly-
wood is the only place where you can be a failure—and get rich.
Sally Blair belongs in a show like "The Ziegfeld Follies." Sings
"Black Magic" better than Billie Daniels and "Hold 'Em Joe" better
than Harry Belafonte. She is Sex with a capital S.

The most successful songsmiths have difficulty creating hits.
Cole Porter, for example, has composed over 500 tunes. About 75
have been major hits. The value of talent: Yul Brynner received
a \$1,000,000 offer to direct and star in a movie. Edward G. Robb-
son is another graduate from Vaudeville U. What is success? The
Ella Fitzgerald's "April in Paris" platter makes the oldie sound
superior to most newies. The ratings race rat race. Arithmetic has
replaced entertainment. A decimal point can mean the difference be-
tween success and failure. Incredibly, the ratings have a life-or-death
effect for a show—but they cannot be proved right or wrong.

Dear Walter:

I am answering your letter of the 12th of Nov. It was indeed gratifying to know you haven't forgotten me.

When Rose Bigman wrote to me she mentioned something about personal property. You may remember when we were all having lunch one afternoon at Lindy's Restaurant you, Leon Rosen, and myself, I handed you four slips of paper. You in turn handed them to the photographer who was sitting at our table. You may also remember, Mr. Rosen had to leave for the Immigration Authority Building on Columbus Ave. After lunch we all left in your car. We drove Leon Rosen to his destination. Our interview was brief as you had a dental appointment.

Those papers are quite important to me. If you still have them, I would greatly appreciate it if you would return them.

Miss Bigman also wrote about the cigarette lighter which I had given you. Walter, it made me quite happy, & good inside when you accepted the lighter. I trust it is still in working order. When you use it, please think of me.

Here is an "Item" that may restore your faith in people like me.

Just before I left town, I made a promise. I told you I was "turning the leaf." Well, I've got great news for you. I am employed, I am working at something that I have always liked. I am [redacted] city of Miami.

I'm not making any fortunes, but what I lack in salary, I make up in experience. I follow a strict routine, & what's more I live it.

We don't have any "Signal 30s" down here [redacted]

I would like to give you an "Exclusive," but alas, I'm here & you are there.

You may remember our last telephone conversation, the one in which you were quite perturbed about some plot which you thought I was involved.

Walter, I had no intention of trying to extort any money from you. Somehow or other, (I don't know if you are now) but you were under the impression that I was part of a plot to extort \$25,000 from you. I swear to you here & now that was the farthest idea from my mind. As a matter of fact, I knew nothing whatsoever about it. 22282

Any information which I might have passed on to you came from a third party & I only relayed to you what was told to me.

Needless for me to say, I felt very hurt that you could even have thought that I could do anything like that. You befriended me when I needed a friend. You were on the level with me & I would never do or say anything that would jeopardize our friendship. To show good faith now, I have that information you wanted [redacted] is his name. His nefarious activities extended in three locals in Nassau County, Great Neck, Williston Park, & Westbury.

I'm sure I still have that picture lying around somewhere.

Write & let me know if you still want it. There is so much more that I want to say. I realize that you must be exceedingly busy. What with your Television Show (which by the way is really Winchellific). I'm sorry the sponsors aren't picking up your option.

I didn't mean to write such a long letter. But when I started one word lead to another. As a result, five pages.

I sincerely trust this letter finds you and yours enjoying the best of health. I will anxiously await an early reply.

Winchell Power Is Dangerous

Walter Winchell sounds more and more like a dangerously sick man... (and remember that you read it here FIRST!)

It is interesting that he is paradoxically one of the most vigorous foes of totalitarianism and yet he seems so closely to resemble that which he despises.

He is becoming a desensitized demagogue, so totally unscrupulous of his own power that he becomes an unmercifully vicious opponent.

He has so much power that a favorable paragraph in his column could mean fame and success to the recipient and one or two condemning sentences could mean the end of a career or the end of a personality, or both.

Even his untiring efforts for worthy causes lose their perspective when they are cheapened with gimmicks, given the 'huckster' treatment and sold to the public with his coined words.

This is a most unwholesome situation. Many fear N.A.A. I think few must respect him.

Hungary and requested asylum in the U. S. He has offered to furnish information concerning his Communist Party activities in this country. He has been interviewed in Vienna by representatives of the State Department and the Senate Internal Security Committee. The foregoing has been furnished to the Attorney General, to State Department, CIA and the Immigration and Naturalization Service. At the present time, the Attorney General is considering the advisability of permitting Santo to return to this country. Our policy is not to become involved in this and to accept any data furnished by Santo. The Attorney General has been so informed.

WINCHELL SAID:

"Mr. and Mrs. United States. Foreign policy is to our government what the steering wheel is to a motor car. It gives direction. The power and the strength, however, is concentrated in the engine and that engine is represented by you, the people. It cannot function without the fuel of facts, and here are the facts. There is no peace. The Russian leaders won victories by division and subversion. Conquest by propoganda, terror and local conflict. Tonight they continue their skullduggery in Korea and Indo-China while setting up Syria as a Red base. Opposite Formosa, the Reds are ready for attack at any time. The Middle East might be compared to a volcano - cool on top - beneath, fire and fury. Economically, the British are on a wartime footing. The French are trapped in the squeeze. Another Marshall Plan must come. More billions will be added to the billions we have wasted abroad. What will it cost you? Prices are going up - taxes will not come down. Inflation pressures are a major threat. There will be a scarcity of steel and other strategic metals. In plain Yankee Doodle talk, Suez is as close to every American as his pocketbook."

Clinton, Tennessee. Another communist myth was blown sky high the other day. U. S. Your President again displayed his moral courage. The issue has long since passed any racial question. The only question, ladies and gentlemen is whether the law can be disobeyed without penalty. The ridiculous and bigoted defendants do not realize that the law requires us all to obey it whether we like it or not. None of us for example enjoys paying income taxes. The issue is not segregation - it is far deeper. Without law and order we have no United States of America. Like Washington and Lincoln, President Eisenhower takes very seriously his oath to uphold the 48 states."*

CONFIDENTIAL

Memorandum for Mr. Boardman
Walter Winchell's Broadcast
December 9, 1956

COMMENTS:

We are aware of this situation. The U. S. Marshal arrested 16 individuals in Clinton, Tennessee, last week on contempt of court charges. At the request of the Department and the U. S. Attorney, and with the consent of the Federal Judge, we are conducting an investigation to determine whether the provisions of the judges' permanent injunction order have been violated.

WINCHELL SAID:

"New York City. Four teen-aged juvenile 'delunatics' sent three New York newspaper cameramen to the hospital several weeks ago. Two of the four candidates for the electric chair - their names are Joe Ware and Dick Nelson - were arrested in New York Friday night. All were out on very low bail of \$1,000 - after a judge had set the bail at \$25,000 each - very high. I know the Constitution says no excessive bail, but these boys are pretty pretty rough. Political influence, as I charged at the time, may have arranged that dirty trick on the people of New York City. One bum the other night had a five inch switch-blade knife. They are charged with malicious mischief - humf. At their hearing the last time I said to them before the court that I would next see them in Sing Sing Prison. I never dreamed that it would be so soon."

COMMENT:

This is not within our jurisdiction and we are not conducting any investigation relative to this matter. We are aware of the incident involving the beating in September, 1956, of three newspaper representatives by Ware, Nelson and two others. On 10-25-56 the four defendants appeared in Adolescent Court, New York City, at which time their bail was reduced to \$1,000 each.

COMMENT:

By airtel of December 27, the Portland Division, and by airtel of December 28, the Boston Division, advised that the Labor Committee of the Communist Party, USA, had prepared a 7-page leaflet captioned "Greetings to the American Working People on the Occasion of the First Anniversary of the Great Labor Merger, AFL - CIO!" scheduled to be distributed to union leaders and members. The leaflet recounts the importance of this AFL - CIO unity. It points out that "Red-baiting, labor-hating, Attorney General Brownell" is the reason that the independent unions, including the longshoremens, mine, mill and smelter workers, miners, and a large section of the electrical workers are not contributing to the "strength and fighting spirit" of the AFL - CIO. This is repetition of charges repeatedly made by the Communist Party in public pronouncements and "Daily Worker" editorials based upon the government's complaints against the International Union of Mine, Mill and Smelter Workers and the United Electrical, Radio and Machine Workers of America before the Subversive Activities Control Board.

COMMENT:

By letter of 12-21-56, the New Orleans Office furnished in connection with the General Investigative Intelligence File information that open and possibly large scale gambling would soon be allowed on the Mississippi Coast along the Gulf of Mexico. It was reported that both Governor J. P. Coleman and U. S. Senator John C. Stennis would resign and Lt. Governor Carroll Gartin, not a pronounced foe of gambling, would become governor. Stennis is slated by Mississippi politicians to get an authorized Federal judgeship in the Southern District of Mississippi and Gartin would appoint Coleman to fill Stennis' unexpired term in the Senate. The Harrison County Sheriff is already reported to have sounded out the provost marshal at Keesler Air Force Base in Mississippi as to the attitude of the military toward gambling in the county..
